

## 2023 H<sub>2</sub>O Pro Aquatic Herbicide Performance Guarantee

**QUALIFYING PARTICIPANT:** Professional aquatic applicators with at least \$5,000 Reward® Landscape and Aquatic herbicide made October 1, 2022 through September 30, 2023.

**QUALIFYING PRODUCT:** Reward Landscape and Aquatic herbicide purchased from a Syngenta Authorized Distributor/Agent/Retailer.

### TREAT WITH CONFIDENCE:

*During the 2023 Program Period:*

- Apply Reward Landscape and Aquatic at the appropriate weed species rate for the treatment area in accordance with the product label(s). For your convenience, application rates are listed in the charts on the back. Always follow product labels.
- Use Qualifying Product in combination with any approved tank-mix partner in accordance with the label. For your convenience, the tankmix partners for Reward are listed on the the following page.

### ...AND YOU'RE COVERED:

- Reward Landscape and Aquatic does not perform as stated under the Guarantee Terms and Conditions below and when used in accordance with the product label, Syngenta will share up to 50% of the total cost of the Syngenta Qualifying Product used for retreatment.

### GUARANTEE TERMS AND CONDITIONS:

- The Qualifying Product will help control at least 70% of the treated, labeled weed(s) as compared to untreated areas with similar weed infestation, environment, weather, and other conditions.
- Claims must be filed at [GreenCastOnline.com/VM](https://www.GreenCastOnline.com/VM) within thirty (30) calendar days of application so that the claim may be verified and evaluated. The claim form is available at [GreenCastOnline.com/Aquatics/form](https://www.GreenCastOnline.com/Aquatics/form)
- Any claims under the H2O ProSM Aquatic Herbicide Performance Guarantee must be received by Syngenta on or before October 31, 2023.
- Only licensed professional aquatic herbicide applicators may participate in the H2O Pro Aquatic Herbicide Performance Guarantee.
- To qualify, the claim form must be filled out in its entirety.
- Syngenta reserves the right to verify all purchases. Syngenta reserves the right to add or delete Qualifying Products at its discretion.
- Syngenta will reimburse up to 50% of the value of the Reward Landscape and Aquatic for one (1) retreatment per claim. All claims are subject to verification by a Syngenta territory manager or other party designated by Syngenta. Reimbursement is at the sole discretion of Syngenta. Reimbursement amount is based on the price of the Reward Landscape and Aquatic used at the time of treatment. Syngenta may, at its discretion, reimburse with product or cash.
- Syngenta will not pay for the application cost or other costs of retreatment.
- The maximum benefit any individual claimant may receive for a 12 month period is a \$50,000 contribution toward the cost of the retreatment(s).
- Program benefit is for weed control only; Syngenta will not pay for any other service, product, loss, or damages.
- Surface application of floating weeds (including surface algae) and submersed weeds (excluding subsurface algae) on the Reward label are covered by the 2023 H2O Pro Aquatic Herbicide Guarantee.

## APPLICATION RATES FOR REWARD ARE LISTED IN THE CHARTS BELOW.

For very dense submersed populations of weeds, it is recommended to use Reward in combination with a copper-based aquatic herbicide or an endothall containing product from the approved tank-mix partner list set forth herein.

Floating & Marginal Weed Species	Gallons per Surface Acre
Duckweed (Lemna spp.)	2.0
Frog's Bit (Limnobium spongia)	0.75–2.0
Pennywort (Hydrocotyle spp.)	0.75–2.0
Salvinia (Salvinia spp.)	0.75–2.0
Water hyacinth (Eichhornia crassipes)	0.75–2.0
Water lettuce (Pistia stratiotes)	0.75–2.0

Submersed Weed Species	Gallons of Reward Herbicide per Surface Acre Average Water Depth (2 Gallon/Acre Rate)			
	1 Foot	2 Foot	3 Foot	4 Foot
Algae (Spirogyra spp. & Pithophora spp.)	0.5	1.0	1.5	2.0
Bladderwort (Utricularia spp.)	0.5	1.0	1.5	2.0
Coontail (Ceratophyllum demersum)	0.5	1.0	1.5	2.0
Elodea (Elodea spp.)	0.5	1.0	1.5	2.0
Hydrilla (Hydrilla verticillata)	0.5	1.0	1.5	2.0
Naiad (Najas spp.)	0.5	1.0	1.5	2.0
Pondweed (Potamogeton spp.)	0.5	1.0	1.5	2.0
Watermilfoil (Myriophyllum spp.)	0.5	1.0	1.5	2.0

Note: For water depths of two feet or less including shorelines, do not exceed one gallon per surface acre. Always follow product label use directions.
