

Acelepryn Grub, Billbug and Caterpillar Prevention Guarantee

Grubs and turf caterpillars can severely damage lawns if proper preventive action is not taken. This GreenTrust[®] 365 guarantee program, powered by **Acelepryn[®] liquid insecticide**, is the best way to take advantage of the leading, longest-lasting control option for the lawn care market.

Scan the QR code to hear what Acelepryn customers have to say about the brand.

Why choose Acelepryn insecticide?

- ✓ **Longest-lasting** control in the turf industry
 - The only product that can provide long-term prevention of turf caterpillars (including sod webworm, fall armyworm and black cutworm) with **one** application
 - Greatest flexibility to control grubs, billbugs and caterpillars with one early application ahead of peak adult activity
- ✓ Backed by a NEW **season-long guarantee** for grubs, turf caterpillars and billbugs
- ✓ Low use rates
- ✓ **Free marketing materials** at [GrowWithSyngenta.com](https://www.growwithsyngenta.com) to help you sell your services with Acelepryn
- ✓ **No signal word**
- ✓ ONLY diamide with **no adverse effects** on beneficial organisms such as honey bees*
- ✓ **96% of lawn care companies** that used Acelepryn rated it as **4 stars or higher** (out of 5 stars)**
- ✓ **Save up to 21%** on purchases during GreenTrust 365 (Oct 1. – Dec. 8, 2022)
